MAY IS SMALL BUSINESS MONTH – LET’S GROW TOGETHER!

There’s no better time to celebrate and support our local business members. We offer a full suite of financial solutions designed to help small businesses thrive — and because we know business owners wear many hats, we make it easy to manage both business and personal finances in one place—with accounts available for owners and employees alike.

Checking Accounts

Looking for a business checking account that offers flexibility and convenience? We provide a solution with no monthly maintenance fees* and a low minimum opening deposit of \$5. Enjoy features like overdraft protection and mobile banking services.**

Business Savings and Money Market Accounts

Looking for a way to manage your liquidity all while earning interest? Depending on the amount, you can grow your excess cash and still gain access to your funds through any ATM, branch or online/mobile channel. Plus, you can put any excess cash to work for your business while earning above market rates and benefiting from flexible accessibility through mobile, online or digital wallet withdrawals and transfers in and out of your business checking account.

Business Savings and Money Market Accounts

Our federally insured Business Certificates of Deposit (CDs) are a smart, secure way to make your business cash reserves work harder. Whether you’re setting aside funds for future expansion, planning for seasonal needs, or simply looking to earn more on idle cash, our CDs offer competitive rates and flexible terms to align with your financial goals. With the peace of mind that comes from NCUA insurance and predictable returns, our Business CDs can help you build a stronger financial foundation for what’s next.

Unsecured & Secured Line of Credit

Even in the most successful businesses, cash often doesn’t flow at the perfect pace. Sometimes you need quick access to resources to keep everything operating as it should. Apply for a Business Line of Credit to cover short-term shortages or take advantage of timely opportunities.

Commercial Mortgages

Looking to invest in or refinance commercial property? Flexible commercial mortgage options are available, featuring competitive rates, personalized terms, and support for both fixed and variable rate structures. With convenient ACH payment options tied to a business checking account and access to SBA loan programs, it’s a smart way to finance your next move. Loan terms and eligibility may vary—reach out to explore what works best for your business.

REFLECTIONS FROM THE 2025 SCHOLARSHIP WINNERS

"I'm incredibly honored to be a recipient of the 2025 Virginia Stallings & Cindy Prestandrea Scholarship. Thank you to PGFCU for investing in my future. As I prepare to attend Morgan State University this fall, this support means more than words can express. It's not just financial help—it's a reminder that my goals matter and my community believes in me. This scholarship moves me one step closer to achieving my dreams and creating real impact. I do not take your support lightly and am deeply grateful to have PGFCU as a part of my journey. I will not forget it."

- Khalil C.E. Jackson

"I am very honored and thankful to be a recipient of the 2025 Virginia Stallings & Cindy Prestandrea Scholarship. Many thanks to the PGFCU for considering and awarding me this scholarship and for being a part of investing in the community. I have worked in non-profit management for over 20 years, and this scholarship will help me continue pursuing my doctoral degree in this subject, Nonprofit Management. Nonprofit is my life calling, and completing my degree in this subject means so much to me, and it further equips me to be the best person to serve communities throughout our area. Forever Grateful for this blessing."

COMMUNITY PARTNERSHIPS

This past year, we made an intentional effort to identify and support organizations that directly impact our local community, many of which are near our branches. As a result, we are proud to welcome the **Bowie Food Pantry**, **Jacob's Ladder**, **UpStage Artists**, and several other organizations into our growing list of community partners.

Together, we're strengthening the communities we serve—one partnership at a time.

"The Credit Union has been of great benefit to me. I got a low-interest loan to pay for my son's tuition and 2 auto loans. The employees really look out for their members and it has been like working within a family unit. Serving as a Brand Ambassador has been great because I've been able to spread awareness about our outstanding Credit Union and meet so many wonderful people in the community while doing it."

The PGCFU Brand Ambassadors play a vital role in representing and promoting our products and services to potential members. As key advocates, they help build brand awareness, foster loyalty, and contribute to a positive image of the Credit Union.
